MeisterWerke

Warranty for Lindura

Flooring

We, MeisterWerke Schulte GmbH based in Ruethen-Meiste, Germany (“MeisterWerke”) are a leading German manufacturer of flooring products including engineered hardwood and laminate flooring. All of our products are manufactured to the highest standards using the latest technology and our years of know how. Our products are carefully inspected through each stage of our manufacturing process with a final inspection before they are packed and shipped to our customers. We are completely confident in our products’ high quality, and therefore are pleased to provide the following warranties, subject to the terms and conditions detailed below. The limited warranties described below apply only to MeisterWerke flooring products and are given to the original purchaser only. These warranties are not transferable and are subject to the procedures, limitations, disclaimers and exclusions set forth herein.

Pre-Installation Warranty

It is the responsibility of the installer and purchaser to inspect each plank prior to installation. All questions or concerns in regard to grade, manufacture, color, gloss or finish of our products are required to be resolved before installation. MeisterWerke accepts no responsibility or liability for the cost of our products, replacement and/or

labor when flooring containing grade, manufacture, color, gloss or finish defects has been installed prior to resolution. Installing our product assumes full acceptance of our flooring. Please consider that this is a natural living product, and with all such products, variations in grain and in color are normal, must be accepted and are even desired in many cases, so such variations cannot be accepted as visual defects.

Lifetime Structural Warranty

MeisterWerke offers a lifetime structural manufacturing guarantee that our Lindura flooring, in its original manufactured condition, will be free from any manufacturing defects for as long as the original purchaser owns the floor.

We warrant, subject to the limitation and exclusions set forth herein, the durability of our Lindura multilayer product structure relating to pressing and fusing the single layers with one another.

30-year Finish and Wear-through Warranty

We warrant the proper visual appearance of our Lindura products (only those with lacquered surface) for a term of 30 years (in case of residential use; **5 years in case of commercial use**), subject to the limitations and exclusions set forth herein.

Natural and common variances of the products do not constitute a defect and are not covered under this warranty. Normal exposure to sunlight as well as the use of area rugs are likely to cause changes in color over time (shading). This is not considered to be a defect

and is not covered by this warranty.

This is restricted to wear on the surface on the boards. The wear must be readily visible and cover a minimum of 10 % of the installed floor. Gloss reduction is not considered wear.
